

Message to Golf Coaches:

Welcome to the 2011 golf season. In the past many of you have been very conscientious about spending time on the rules and etiquette of golf. Each year, however, we find students who have little knowledge of either the rules or etiquette. I cannot stress enough the importance of this aspect of the game. Rules books should be ordered from the V.P.A. Office. These books and this guide are an excellent means of teaching rules and expectations for golf in Vermont. Be certain you and your players are knowledgeable of recent rules changes.

It is a privilege and not our "right" to be able to use many golf courses throughout the state. Coaches and the players should take the time to thank the proper course staff after each golf match. Additionally you should stress to all your players that we are dependent on the generosity of Country Clubs and the Vermont Golf Association for sites to play and that every effort needs to be made by the participants to be courteous. You should also do everything possible to create an image that would make schools welcome for years to come.

By its very nature, golf requires an absolute level of integrity on the part of all coaches and participants. Coaches should remind their players of their responsibility to report accurate scores for themselves and their competitors. Each player must protect the integrity of the game for the entire field. In addition, all coaches are responsible for ensuring that all players are match ready and well versed in the rules and etiquette of the game.

**It would be very helpful to the committee if coaches would insist on proper scorecard procedure, both keeping score, and signing and turning in scores. There are very definite rules about this and they will be enforced in state level tournaments. I would encourage you to see that these same rules are followed at each of your own matches.**

If a suspected violation has occurred, the following procedure is recommended for your golfers:

- a) Immediately discuss the situation with the player suspected of a violation;
- b) Confer with all players in the group to try to resolve the situation;
- c) If a decision cannot be reached, bring the matter immediately to the coaches after finishing play. Do not sign card until a decision has been made by the coaches.

Sean Farrell, Chairmen  
V.P.A. Golf Committee

**NEW ENGLAND INDIVIDUAL GOLF TOURNAMENT  
SPONSORED BY  
NEW ENGLAND SECONDARY SCHOOL PRINCIPALS' ASSOCIATION**

DATE: Monday, June 20, 2011  
SITE: Bretwood Country Club, Keene, N.H.  
FEE: \$5.00

This spring (2011 season) participation in the New England Individual Golf Tournament sponsored by the New England Secondary School Principals' Association will be available to boy and girl players at the Vermont state tournament site(s). Vermont will be allotted ten (10) spots for boys and ten (10) spots for girls. These spots will be filled by the low ten scores in each of their respective state tournaments. Since the boys are divided into Division I, II and III, but play the same tees and course, the division issue is moot. A playoff will be in place to break any tie for the tenth spot. This playoff would be totally separate from any to determine state winners, either team or individual.

It is extremely important that at each state site the player and coach be prepared to declare acceptance of a qualifying spot immediately at the state tournament site. This acceptance allows the state director to phone the names of the Vermont representatives to the New England director. It also obligates the player, coach and school to make all financial and supervision arrangements.
